

Marc Terradas Zapata

Software Engineer | Full Stack Developer

Hello!

My name is Marc, I am from Barcelona, and I have 4 years of experience as a software engineer. I am specialised in web development, as a Full Stack Developer with DevOps knowledge.

Work Experience

Software Engineer at Andy

(2019-06 - Present) · Remote (CET timezone) · Full time

Responsibilities

- Developing the frontend and backend of Andy.
- Leading the development of two projects for McDonald's.
- Participate in Andy's CI/CD
- Customer support (Roll out, ticketing)

Objectives achieved

- Lead OKR's (backlog planning, development and analyse the performance)
- Successfully develop two McDonald's projects (example: <https://pidetufactura.mcdonalds.es>)
- Improve performance of Andy (examples: adding api cache, db pagination, app memory usage)
- Implement a git branch system to work with CI/CD

Software Engineer at Kriter Software

(2018-06 - 2019-06) · Mataró, Spain · Part time

Responsibilities

- Develop the frontend and backend of two ecommerce.
- Customer support (ticketing)

Objectives achieved

- Successfully developed 2 ecommerce. (example: <https://gallissa.com>)
- Successfully develop internal scripts.

Studies and certifications

Bachelor's degree, Computer Engineering

Universitat Oberta de Catalunya

I completed the first year while working full time, and decided for the time being to put my degree aside and study and practice on my own

Associate's degree, web development (DAW)

IES Thos i Codina · 2017 - 2019

During the two years I learned how to code, and in the second year I started working as a developer while I was finishing my studies.

English - B2

Universitat Oberta de Catalunya · 2020

SKILLS

Vue.js	React	Next.js	Node.js	React Native	TypeScript
