Marc Terradas Zapata

Senior Frontend Developer

Barcelona (Spain)

+6 years of experience as a developer, focused on Frontend, with knowledge of Backend and DevOps. In the products I have worked on, I have provided great value, from the moment of planning to production release, thanks to teamwork and communication skills. I focus a lot on developing maintainable and scalable code, and dedicate a lot of time to review pull requests and testing.

Work Experience

Senior Frontend Developer at Dogfy Diet

(2023-12 - Present)· Hybrid, Barcelona, Spain · Full time
Dogfy diet is a B2C subscription of healthy dog food.
Skills: Vue.js, Nuxt.js, Node.js, JavaScript, MongoDB, HTML, CSS, SASS, Git

· Development, maintenance and testing of the website (dogfydiet.com), the client area (app.dogfydiet.com), the internal CRM (sales.dogfydiet.com) and the internal back-office (bo.dogfydiet.com).
· Code review (pull request from Frontend and Backend).
· Agile methodology (Scrum with two-week sprints).

Full Stack Developer at Andyapp.io
